

OZZI® is Proud to Introduce the O2GO® High5 Closed-Loop Take Back Program for Zero Waste

Our Made in the USA O2GO® reusable containers by OZZI® have been successfully tested by Ecolab for up to 1,000 commercial washes. Based on your wear and tear, you will get 300+ uses out of your O2GO®. At the end of its' life, please return it to OZZI® where it will be ground down to be recycled and reused.

How it Works:

- 1) Keep your shipping box when you receive your new O2GO® reusable containers.
- 2) Clean and remove the bar codes from the O2GO® containers to be returned for recycling and reuse.
- 3) Neatly stack, nested open, your O2GO® containers being returned in the box from your New O2GO® containers.
- 4) Follow the instructions in the email from OZZI® with the FedEx return link.
- 5) Apply the FedEx shipping label for FREE shipping back to OZZI®.
